Sec. 3. Diseased Employees Prohibited. It shall be unlawful for any person to work in or about any restaurant, cafe, dining room, or eating house, or allow any person or persons to work in any such place whose condition is such that disease may be spread to his associates direct, or through the medium of food or food products, likely to be eaten without being cooked after handling, whether such condition be due to a contagious, infectious, or venereal disease, in its active or convalescent stages, or to the presence of disease germs, whether accompanied by, or without any symptoms of the disease itself.

Sec. 4. Certificates of Good Health. It shall be unlawful for any person to engage in the handling and sale of food or food products in any restaurant, cafe, dining room, or eating house without having secured from the village health officer a certificate of good health annually on or before the first day of January, or at the time of beginning work.
